

Wisconsin's Comprehensive School Health Program

DPH Webcast
Friday, April 28, 2006

Claude Gilmore, Youth Policy Director, DHFS
Brian Weaver, CSHP Project Director, DPI

DPI and DPH Collaboration Success Stories

Healthiest Wisconsin 2010 and MCH Block Grant

1. High Risk Sexual Behavior
2. Overweight, Obesity, and Lack of Physical Activity

High Risk Sexual Behavior

- CDC-Division of Adolescent and School Health
Four year supplemental grant to DPI
- Goal is to strengthen and increase the **communication, coordination and collaboration** among our respective abstinence partnerships and those organizations addressing youth sexual risk-taking behaviors

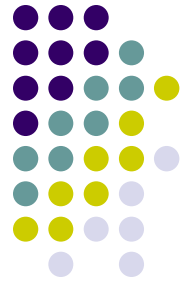

High Risk Sexual Behavior

Recent Accomplishments

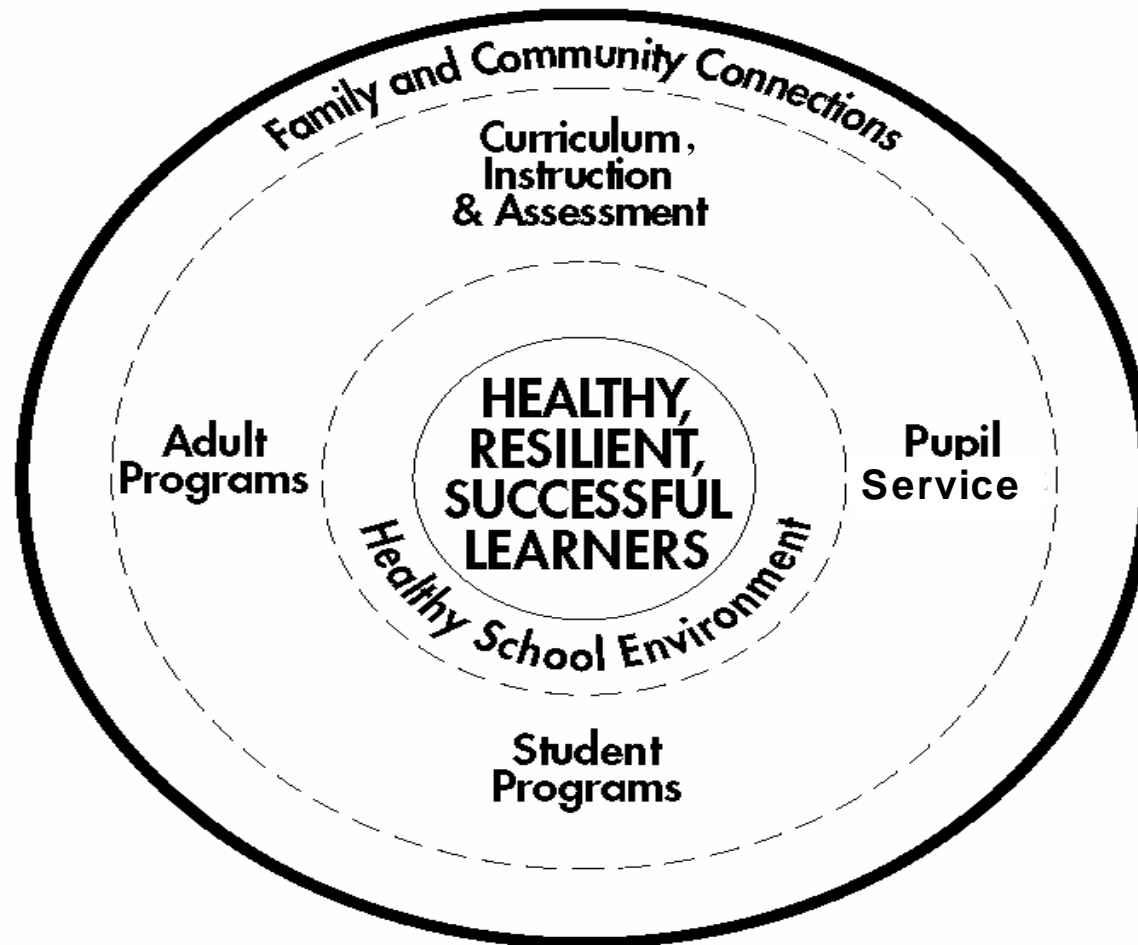

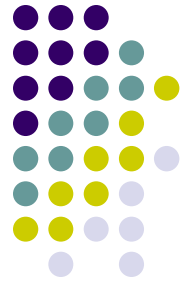

- Developed a statewide Wisconsin Adolescent Sexual Health (WASH) Listserv
- Ten youth listening sessions in key regions of the state
- Developed a Wisconsin Youth Sexual Behavior and Outcomes Data Website,
<http://dhfs.wisconsin.gov/stats/s-behyouth.htm>
- Improved STD data infrastructure

Overweight, Obesity, and Lack of Physical Activity

- WI Nutrition and Physical Activity State Plan
- School Health Council mini-grants
- Got Dirt? Campaign, <http://dhfs.wi.gov/health/physicalactivity/gotdirt.htm>
- Gov's School Health Award, <http://schoolhealthaward.wi.gov>
- Movin' and Munchin' Schools
- Wisconsin PE Profiles Study
- Fresh Fruit and Vegetables Program,
<http://dhfs.wisconsin.gov/News/PressReleases/2006/02262006freshfruitsprogram.pdf>
- Local coalition mini-grants

Comprehensive School Health Program Framework
